

Food Allergies

On occasions your child may be asked to taste certain foods in relation to topic work/festivals/celebrations or as part of cook school etc. We would therefore like to obtain information about what foods each child in school CANNOT eat due to allergy / intolerance / religious reasons and ask that you complete the form below. This way will help us to prevent your child being asked to taste anything that he/she should not. We do ask however that only foods that cannot be eaten for medical or religious reasons are listed not items that your child may just have a particular dislike to. Please complete the form below whether or not your there is food that your child must not eat.
